Inclusion of Tangadi in the list of classified trees.

From

The Conservator of Forests in Mysore

No. 1292 Dated 9.8.05 Received 10.8.05

Diary No. 1458 | Enclos. — | Spare Copies. — | Serial No. 1

BRIEF ABSTRACT OF LETTER.

States that owing to the omission of Tangadi from the lists of reserved and classified trees, it has not been found possible to take cognizance of offences of its unauthorised removal and requests sanction to include it in the list of classified trees.

NOTES AND ORDERS.

Tangadi is a shrub. The list of classified trees was tentatively sanctioned for 2 years, from 4th May 1903. The term has just expired. The Conservator was required to submit a report as to how the system would work and whether

2. To the Conservator of Forests, No. A. 2324 dated 23rd August 1905.

Observes that the Langadi shrub was included in the preliminary list of classified trees published in 1903 but was omitted from the subsequent list published in 1903 as it was included in the annual auction sales of minor forest produce, and that the lists of preserved and classified trees are intended to contain only those classes of trees which are capable of yielding timber of commercial value or those which may be utilized for

the supply of fuel and charcoal to the public at large; enquires whether under the circumstances it is necessary to bring the shrub in question under the category of classified trees and calls for a report as to whether the list which was published requires revision or may be finally adopted & sanctioned.

3 From the Conservator of forests, No. 3866 dated 26th November 986.

Submits a memo giving a summary of the reports of the Deputy Commissioners and of Mr. Bapu Rao with his comments thereon; suggests that Dhaba, Jangadi and Seega may be included in the list and given a separate class as they yield valuable minor forest produce bringing in a large revenue to Govt. and states that Tangadi may be treated as above only in the Districts of Kolar, Bangalore, Tumkur and Chitaldroog where its bark commands a high price, that the above 3 species require as much protection as classified trees and that if his suggestions are approved notfn. No. 690/67688/4-5-1903 would require a slight alteration.

classified both that were tentatively issued in part letter No 690-678 S 4th May 1903 require revision. The majority of the Dy Commrs are satisfied with the existing classification and do not consider that any changes are necessary. We only Dy Commissioners that suggest any changes are the Dy Commissioners of Chittagong & Sundarbans. The Dy. Commissioner of Chittagong proposes to transfer Bilijali & Kanjali from class II to class III. The Conservator accepts the suggestion regarding Bilijali (Nephelium) which is chiefly valuable on account of its bark which is used in the manufacture of arrack. Kanjali he says yields a valuable timber and should rather be transferred to Cl I. The Conservator also does not approve of the suggestion to treat all the trees included in Class III as firewood as existing Kakila they all yield durable timber. In the Chittagong District, where superior varieties of timber do not

and Barpatre as they merely refer to certain points of detail which are not likely to improve the existing classification. The list published in Notn No. 656-676 S & 14th May 1903 may be approved for a further period of 3 years transferring if considered necessary Bilijali from Class II to Class III in the Chitaldrug Dt. & for the inclusion of Kanjadi Debalu & Sugai in the classified list the Dep Commr has given cogent reasons against it. They are mere shrubs and do not attain any great size. They do not yield any wood. The Forest Dept has other means of preventing the removal of their produce whether it is bark or Soapnut

OFFICE OF THE CONSERVATOR OF FORESTS IN MYSORE,

No. 1292. Dated Bangalore, 9th August 1905.

Enclosures :

From

RAI BAHADUR M. MUTHANNAH, ESQ.,
Conservator of Forests in Mysore.

To

B.K.Venkatavarada Iyengar .....Esqr.,
The Secy. to the Govt. of H. H. the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

I have the honour to request that sanction of Government may be kindly obtained to include Tangadi shrub (Cassia auriculata) in the list of classified trees published under Notification No.690-6768 dated 4th May 1903. Owing to its omission from the list of reserved and classified trees, it has not been found possible to take cognizance of offences of unauthorized removal of this valuable shrub. I beg to add that under Notification Camp No.1103 dated 18th September 1888, the cutting and removal of tangadi shrubs growing on unreserved lands for purposes of manure or otherwise were strictly prohibited - vide page 63 (a) of the Forest Manual.

F.217-01,8/No.15

I have the honour to be ,
Sir,
Your most obedient servant,

Conservator of Forests.

F.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(*Continuation Sheet draft form.*)

the existing provision affords sufficient facilities to prevent the illicit and unauthorized removal of the shrub and that a required appears the more vigilant action on the part of the Forest Dept.

It seems however to [illegible] that ~~by some stringent measures on the part of the Forest Subordinate, the illicit and unauthorised removal of this shrub can be prevented.~~

2. As the list published in 1903 was tentatively sanctioned for 2 years, I am to request you ~~are requested~~ to report whether it requires revision or ~~to be revised~~ finally and may be adopted and sanctioned ~~as a permanent settlement~~.

The favor of an early reply is solicited.

I have &c

M E M O.

Report No.1066 dated 30th October 1905 from the Deputy Commissioner, Shimoga.

---

1. Halasu.
2. Yettega.
3. Nerlu.
4. Hunase.
5. Mavu.

1. The Deputy Commissioner concurring with the proposal of the District Forest Officer, suggests the exclusion of the marginally noted species from the list of classified trees. He is not, however, prepared to include Tangadi under classified trees as suggested by the District Forest Officer, the revenue derived therefrom being in his opinion inappreciable. He recommends further that the seigniorage rates prescribed at present may be finally adopted.

The Conservator does not approve of the exclusion of the above kinds of timber. The first three yield fine marketable timber and the last two are fruit bearing trees. Permission to extract them from District Forests, free of seigniorage, would lead to their extinction. Tangadi is not of much value in this District and is not, therefore, in need of protection.

(2). Report No.296 dated 7th November 1905 from the Deputy Commissioner, Kadur

---

The Deputy Commissioner is of opinion that

in the list of classified trees.

5. Report No.632 dated 20th February 1906 from the Deputy Commissioner, Chitaldrug.

The Deputy Commissioner suggests the following alterations in the list of classified trees. : -

(a). That Bile Jali and Karijali now placed under class II may be placed under class III, as they are supposed to yield very inferior material.

(b). That trees under class III may be brought under fuel trees and taxed accordingly.

These trees, it would appear are never used for building purposes but the wood of some of them is reported to be sometimes used for carving idols, and in view to foster taste for fine arts, the Deputy Commissioner is of opinion that it is not desirable to tax this kind of wood heavily.

He is not in favour of including Tangadi in the list of classified trees.

As regards (a), the Conservator ~~of~~ is of opinion that Karijali is a valuable timber and as such, it ought to go under class I, rather than under class II. Bilajali or Toppale yields a valuable bark used in the manufacture of arrack. The timber is of no value for building

District Forests.

7. Correspondence ending with docket No.337 dated 7th April 1906 from the District Forest Officer,Bangalore.

No report has been received from the Deputy Commissioner on the subject. While suggesting the adoption of the rates prescribed tentatively, the District Forest Officer suggests that the list may be modified as hereunder.

I. CLASS.

(1).Hunal or Hulve,(2).Nerlu,(3).Ooru Ippe,(4).Bilwara,(5).Olle Bevu,(6).Banni,(7).Mavu,(8).Karijali,or Gobli,(9). Bage or Tirchal,(10).Dindiga,(11).Bilimatti,and (12).Karimatti.

II. CLASS.

(13).Udi or Kaludi,(14).Belijali or Toppale or Byala,(15).Kagli or Kachu,(16). Kad Ippe,(17).Yettiga,(18).Kendala or Sagadi,(19).Genasu,(20).Tadasal,(21). Kadavala or Hadaga,(22).Kallubagi.

III. CLASS.

(23).Geru,(24).Honge,(25).Hunse,(26). Some'.(27).Kakke.(28).Tangadi.(29).Sige (30).Popli.(31).Beppale or Hale.

Compared with the list of 4th May 1903, the following changes and additions

shrub in the list of classified species.

He desires however that the kinds of trees that may be cut for firewood and for burning charcoal included in class III of the list may be clearly defined. This does not seem necessary in the opinion of the Conservator. Fire-wood and charcoal do not belong to any class. Any wood that is not reserved and is not fit for building purposes, may be removed as firewood on payment of the prescribed fees.

Report No.C 1 dated 16th November 1905 from Mr.Bapu Rao received with the Deputy Commissioner's report referred to above.

The following suggestions are made.

(1).(a).Bilimatti and Karimatti to be transferred from Reserved trees to I class classified trees.

(b).Bage and Dindiga from class II (classified trees) to class I.

(c).Mavu from class I to class II.

(d).Hunse from class I to class III.

& (e).Hale,Iji,Channangi,Mukarti and Nallabalasu to be brought ~~out~~ onto the classified list and placed in II class.

(2).Tangadi and Seegekai shrub to be brought on the classified list.

(3). A

(3). A list of the following trees and shrubs should be published and injury thereto prevented in explicit terms under Sub-Section 6 of Section 35 of the Forest Regulation of 1900.

Tamarind, Honge, Seege, Kapilarangu, Tangadi shrub, Biligeru, Karigeru, Wood - apple, Charupappu, Tare, Popli shrub and Chilladamara.

(4). Bamboos met with in District Forests to be brought on the classified list on seigniorage rates similar to those prescribed for bamboos found in the State Forests.

(5). The kind of trees that may be cut for firewood and charcoal should be clearly defined.

As an alternative, the District Forest Officer proposes that the existing classification may be modified as hereunder. : -

CLASS I.

To comprise timber trees which may be removed from the lands at the disposal of Government with the seig - niorage payable therefor.

CLASS II.

To comprise trees and shrubs that may be cut for firewood on payment of prescribed seigniorage.

CLASS III.

To comprise trees and shrubs yielding minor Forest Products which ought not to be cut and injured in any way except

READ—

Correspondence ending with letter No. 3866, dated the 26th November 1906, from the Conservator of Forests in Mysore, submitting with his remarks a memo containing the opinions of the Deputy Commissioners of Districts in the matter of revising, before finally adopting, the list of classified trrees published under Government Notification No. 690—6768, dated the 4th May 1903, and requesing that Tangadi, Ichalu and Seege may be included in the list.

2. Letter No. 5280, dated the 19th—21st November 1907, from the Revenue Commissioner in Mysore, furnishing his opinion on the above.

No. R. 6529-38—Ft. 50-05-6, DATED BANGALORE, 9TH APRIL 1908.

ORDER THEREON.—It is represented by the Conservator of Forests that on account of the exclusion of Ichalu, Tangadi and Seege from the list of classified trees published under Notification No. 690—6768, dated the 4th May 1903, it is found very difficult to effectually prevent their unauthorized removal and to take steps for their preservation. As Seege and Ichalu yield valuable minor forest produce, Government are of opinion that they may be included in the list and given a separate class. In the case of Tangadi, however, it may be treated as a classified tree only in the districts of Kolar, Bangalore, Tumkur and Chitaldrug, where its bark commands a high price. Thus modified, the Notification will stand as shown at foot of these Proceedings and will be issued afresh for ready reference.

2. The larger question of revising, where necessary, the tentative classification sanctioned in 1903, will be separately considered by Government.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

NOTIFICATION.

No. R. 6539—Ft. 50-05-7, dated Bangalore, 9th April 1908.

Referring to Notifications No. 247—1302, dated the 2nd October 1901, and No. 690—6768, dated the 4th May 1903, and in modification of the lists of *classified trees* published thereunder, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rates at which permits for the removal of timber of unreserved trees, firewood, charcoal and other forest produce on payment of seigniorage will, until further orders, be issued under the general rules for the management of District Forests and other lands at the disposal of Government, published in the *Mysore Gazette* under Notification No. 245—1300, dated the 2nd October 1901.

BRIEF ABSTRACT OF LETTER.

Forwards letter No. 527 dated 21st July 1905 from the Deputy Conservator of Forests in Coorg requesting that the qualification in respect of cart-track no. 1 of the Veeranahosahalli forest may be altered so as to include the license holders of the Coorg Forest Department also, to go through the forest during the close season

NOTES AND ORDERS.

The cart-track in question is being maintained by the Coorg Forest Department to which the lands involved were transferred in 1886.

The list of ways in the Veeranahosahalli Forest was approved and published in 1904.

NOTES—First sheet.

MGOPB—30,000—17-2-05.

and the cart track in question is the first in the list. It contains a foot note ~~xxxxxx~~ which runs as follows:- "This road will be closed "during the fire season to the public "except to license holders of the Mysore and Coorg "Forest departts & Coorg Forest officers "and their kit carts (and timber "carts removed by Coorg Govt agency)!!

Map X
P. 12

The Dy. Cons. of Coorg requests that the last clause of the above foot note may be modified so as to admit of license holders of Coorg timber removing them without any hindrance. The alteration proposed is only verbal and is noted above in red ink.

The point for consideration is whether the modification should be published or only an order authorising license holders ~~xxxx~~ to remove timber will be enough.

The Dy. Cons. wishes to know whether the two other cart tracks in the Veerarahosahalli Forest are not closed as above. In the absence of a

Where does he say this?

NOTE—Contn. sheet

25/9/05

Draft submitted to the Diwan Saheb thro the 1st Councillor
27.9.1905

496/27-9-05.

The verbal enquiries may be published as proposed. The Dy Conservator letter is somewhat curiously worded. But he does not say that Coorg is in any way interested in the other two coal tracts which have not been closed. All that I understand him to say is that the closure of the ~~coal tracts~~ Coal-tracts in which Coorg is interested, notwithstanding the non-closure of the other 2 coal tracts in the same forest is evidence of the Purchasers willingness to protect Coorg's interests. Para 3 of the draft order seems unnecessary. C.

COORG FOREST OFFICE,

Dated Mercara, 21. 7. 1905.

FROM

C. McCARTHY ESQUIRE,

DEPUTY CONSERVATOR OF FORESTS,

COORG.

To

The Secretary General and Revenue Department

to the Government of His Highness the Maharaja of

MYSORE.

SIR,

With reference to the Proceedings of the Government of His Highness No. R. 5297-98 / Ft. 17-02-4 dated 16th December 1904, I have the honour to request the favour of your attention to the regulations concerning what is therein described as Cart track No. 1 of Veeranahosahalli Forest. This is the Forest road which was constructed in 1886 and since maintained by the Coorg Forest Department after negotiations with the Government of His Highness, concluding with letter No. 1060 dated 10 November 1886 from the Chief Secretary to the Dewan of Mysore to the Secretary to the Chief Commissioner of Coorg.

2 It will be seen on reference to the Proceedings of the 16th December last that this road is to be closed during the fire season "except to license holders of the Mysore Department ..... and timber carts removed by

Coorg Government Agency". Doubtless the intention was to pass both Mysore and Coorg Government timber, during the fire season, and not very long ago the wording of the regulation as above quoted would have served this purpose as all Coorg timber used to be removed by Government Agency to Hunsur and the Railway, but for some time now this timber has been disposed of in situ and is removed from the forests by the purchasers themselves under special way permits. I would therefore ~~request~~ request that you will be so good as to procure the alteration of the regulation. The qualification may then run as follows:-

" N.B.- This road will be closed during the fire season "to the public except to license holders of the Mysore "and Coorg Forest Departments and to Coorg Forest Officers "and their bullock carts.".

The Coorg Reserves lying at the back of this road are very strictly fireprotected and although even timber purchasers are prohibited from entering them in the fire season, but it is necessary occasionally to suspend this rule under special precautions. I conclude from the fact that the other two cart-tracks mentioned as traversing the same Reserve (Veerunabolal etc.) in the Proceedings under reference are not closed in the fire season, that the closure of the Hunsur forest road may have been prescribed in the interests of the strict protection in the Coorg Reserves, by preventing it being made a thorough

fare during the dangerous months. If so I beg to thank the officers concerned for their forethought and courtesy.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Conservator of Forest

Coorg.
